Trip to Scaled Composites

Karolyn Batka and Lawrence Akin are arranging an AIAA trip to Scaled Composites in Mohave, California from November 17 to November 18 this month. Scaled Composites designs and manufactures composite air vehicles. Industry tours are becoming hard to schedule this year, so these opportunities may be limited. Please contact Karolyn Batka (batkak@pr.erau.edu) or Lawrence Akin (akinl@pr.erau.edu) if you are interested in this trip.

AIAA Newsletter!

The ERAU-Prescott Section of AIAA will be using a newsletter format to update members on current events, which will be distributed via e-mail. If you have any suggestions or ideas for this format, please contact Dr. Lanning (lannind@pr.erau.edu).

Adopt-a-Trail at Granite Mt.

Our Section will help maintain a popular trail adjacent to the Granite Mountain Wilderness through the NFS Adopt-a-Trail program as a community service project. No work dates are yet scheduled. If you are interested in helping, please contact Dr. Lanning (lannind@pr.erau.edu).

Elections

The ERAU-Prescott Section of AIAA will be holding mid-year elections for President sometime before finals week. We need individuals interested in helping to shape our organization for the next several years. Contact Dr. Lanning or Karolyn Batka if interested.

Calendar of Events

11/17/2001-11/18/2001

Trip to Scaled Composites, Mohave California

12/7/2001
