January 23 Meeting

IEEE is sponsoring a joint meeting with AIAA and ESCaPE featuring a presentation from engineers and a test pilot with Bombardier Aerospace and possibly Raytheon Missile. Meeting date and time: Wednesday, January 23, 7pm in King 126. Light refreshments to be provided. All students welcome.

Trip to Lowell Observatory

AIAA is organizing a joint trip with Dr. Nicholas Devereux and the ERAU Astronomy Club to Lowell Observatory on Saturday, February 9. We will take one or two ERAU vans to Flagstaff for a 4pm tour of the research telescopes, have dinner around 5pm, and attend a presentation and observation starting 7pm. We may also take a second van of students interested in skiing at the Snowbowl early Saturday morning if there is interest. Space for the tour will probably be limited. If you are interested, please contact Dr. Lanning (lannind@erau.edu) as soon as possible.

AIAA Officers hard at work on the Adopt-a-Trail project in the Granite Mountain Wilderness.
